## Overland XR Rear Fold Camper

The new Blue Tongue Overland XR rear fold camper has a superior finish quality and an extensive list of features usually only available in very expensive rear fold hard floor campers. It's built on independent trailing arm suspension so it can take you to your favourite remote destination. Fast and easy setup so you can enjoy overnight stays or add the fully enclosed annex for your longer stays. It has an extensive range of luxuries included so you can enjoy your camping experience without wanting for anything. There's an ensuite shower room, portable toilet, dual battery system, stainless steel kitchen and loads of storage space.
