

Blue Tongue Campers RX16 Hybrid

Introducing the ultimate adventure companion the RX16 Off Road Hybrid Caravan by Blue Tongue Campers. Designed for those who crave the thrill of the great outdoors without sacrificing the comforts of home, this caravan is packed with features to make your journey unforgettable

One of the standout features of this caravan is the 2 full-size bunks, perfect for families or groups of friends. The kids will love having their own space to relax and sleep comfortably, while you can enjoy a restful night in the rear fold out queen bed.

Freshen up in the spacious internal ensuite, complete with a Thetford cassette toilet and integrated sink. Enjoy hot showers with the Truma Ultra rapid gas/240v hot water system and ample water supply from the 80+120L water tanks and an 80L grey water tank.

Relax in the double lounge with a swivel table and 2 fold-down seats, surrounded by loads of internal cupboards for all your storage needs.

Illuminate your nights with LED lighting and ambient lights, and stay entertained with a smart TV and stereo system. Stay on top of your power consumption with the Projector PM200 Battery management system, equipped with 300A lithium batteries, 400w solar panels, and a DC-DC charger, ensuring you have power wherever you go.

Stay cool with the Dometic reverse cycle roof top air conditioner and keep warm with the diesel air heater on those cold nights.

The electric pop-top roof and Awnlux electric awning with walls and floor provide extra outdoor space, allowing you to set up in minutes with minimal effort.

The fridge compartment fits most 95L fridge freezers, and the outdoor kitchen with a 2-burner gas cooker and sink, along with a slide-out kitchen prep area with drawers and an integrated cutting board, make outdoor cooking a breeze.

Store your essentials in the front gas storage compartments for 2x 4kg bottles and Jerry can storage, complete with an integrated firewood rack and recovery tracks on top.

The ARK 750 XO Jockey wheel and ALKO Off road ball coupling ensure smooth towing on any terrain. Construction: The RX16 features a hot-dipped galvanized chassis with independent suspension, dual shocks, 12' electric brakes, and alloy wheels with mud terrain tyres.

The walls are made using the latest composite technology with high-density XPS foam core, achieving a high R rating and mold resistance. There are 2 layers bonded to the foam: fibreglass inside and durable aluminium on the outside, resulting in a strong caravan with great insulation built to last in Australia's extreme environment

Get ready to explore the great outdoors with the family in style and comfort with the Blue Tongue RX16 Off Road Hybrid Caravan – your home away from home!
