

The All-New

XH16L Hybrid Caravan

More Capability. More Freedom. No Compromise.

The XH16L for those who want more from their off-road experience — more capability, more control, and confidence to go further.

Developed from real feedback and tested in Aus conditions, the XH16L delivers true off-road performance - no sacrificing comfort.

TOUGH BY DESIGN. *Engineered for Australian Conditions*

Built from the ground up to handle corrugations, remote tracks, and harsh terrain, the XH16L features a hot-dipped galvanised chassis, independent suspension, and rugged off-road components. Designed to perform where the road ends, it gives you stability and control in the toughest environments.

SETUP / LIVING. *Faster Setup. Smarter Living.*

Arrive late or leave early — either way, setup is quick and simple. Inside, thoughtful design maximises usable space, ventilation, and storage, giving you a comfortable retreat after a long day on the tracks.

FEATURES. *Designed for Comfort & Convenience*

Queen Bed: queen-size inner-spring mattress with comfortable space.

Convertible Lounge: club lounge converts to an additional sleeping area.

Full Ensuite: toilet with hot water via Truma gas/electric system.

Internal Kitchen: induction cooktop, sink, microwave, and fridge/freezer.

External Kitchen: galley with gas cooktop, sink, BBQ arm, storage.

OFF-GRID CAPABILITY. *Power, Water & Independence*

Built for extended off-grid touring, the XH16L delivers serious self-sufficiency. With high-capacity solar, lithium battery storage, and a fully integrated power system, you can stay out longer and travel further with confidence.
